Raspberries

FRESH FROM YOUR

Own Garden

Latham is first choice among Raspberry growers for its fine fruit, hardiness, productiveness and freedom from disease. Probably the most widely planted it stands extremes of cold without damage. Fruits stay on well after they have ripened, giving a long harvesting period.

Fruit is about an inch in diameter and of rich red color. Fine for fresh fruit, sauces, pies, canning, freezing and drying. We know you will take great pleasure in having your own berry patch of **LATHAM** — the Queen of Raspberries.
